

# A little sunlight makes a difference

ATA International Projects Group

*Assisting communities to access sustainable technologies*

**Information + Fundraising Night  
6.30pm, Tuesday 16 June**

For 6 years the Alternative Technology Association has been working with East Timorese communities in the promotion, training and installation of solar power. This partnership has resulted in over 70 solar power installations in communities, clinics and schools across Timor Leste.

Host Anton Vikstrom, Project Manager, ATA International Projects Group and International Volunteers will discuss the impacts of the ATA's work in East Timor and outline future plans for the program.

The event will be raising money for three projects, *namely*

- \* Promoting sustainable education through mobile solar powered theatre
- \* Lighting for individual households in remote rural areas
- \* Lighting systems for womens weaving centers- promoting income generation

**When:** 6 for 6.30 start, Tuesday 16 June (finish at 8pm)

**Where:** Upstairs at Level 2/39 Little Collins Street, Melbourne City

Refreshments will be served including East Timorese coffee. A suggested donation of \$10 is requested.

To RSVP or for more Information contact: [anton@ata.org.au](mailto:anton@ata.org.au) or 03 9631 5416. For more information on the ATA International Projects visit:

## ***What Can Solar Power Do?***

- \* Power a refrigerator to store vital medicines preventing endemic disease
- \* Run a light to create economic opportunities and helping students complete school
- \* Pump clean water for schools, houses and markets

***ATA solar power projects can help change a life and make all the difference.***
